

Call for special sessions

The organizers of the ***fib* Symposium 2027** invite researchers and experts to organize special sessions on emerging and critical topics within the key topics of the conference (<https://fib-2027.org/>). These special sessions offer a platform for in-depth discussions on innovative research, novel technologies, and interdisciplinary approaches.

Proposal submission guidelines

Those interested in organizing a special session are invited to submit a proposal including:

1. **Title of the special session**
2. **Name(s) and affiliation(s) of the organizer(s)**
3. **A short description (max. 150 words) of the content focus**, outlining its relevance to the key topics of *fib* 2027
4. **A list of potential speakers** (not necessarily confirmed) and their affiliations

Submission and review process

To submit a proposal, please download the official proposal template available at

<https://fib-2027.org/call-for-organisation-of-special-sessions/>

All submissions will be reviewed by the scientific committee, and acceptance will be based on scientific quality, relevance, and coherence with the overall conference objectives. Accepted Special Sessions will be promoted on the conference website and included in the final program.

We encourage you to share this call with colleagues who may be interested in contributing. If you have any questions, please do not hesitate to contact the conference secretariat at office@fib-2027.org.

We look forward to your contributions in shaping an exciting and impactful conference program!
